Midterm: 10% The midterm will consist of questions very similar to those you will be completing in your exercises. The best way to study for the midterm therefore consists in mastering the problems found in these exercises.

### **introduction to philosophical logic - Joseph Vukov**

Philosophy of logic. Following the developments in formal logic with symbolic logic in the late nineteenth century and mathematical logic in the twentieth, topics traditionally treated by logic not being part of formal logic have tended to be termed either philosophy of logic or philosophical logic if no longer simply logic.
