A classic book on propaganda technique proposes a general theory of the strategy and tactics of propaganda. This classic book on propaganda technique focuses on American, British, French, and German experience in World War I. The book sets forth a simple classification of various psychological materials used to produce certain specific results and proposes a general theory of strategy and tactics for the manipulation of these materials. In an introduction (coauthored by Jackson A. Giddens ...

In "Propaganda Technique in the World War,' Lasswell examined propaganda techniques through a content analysis, and came to some striking conclusions. Lasswell was similar to Ellul, in that he showed that the content of war propaganda had to be pervasive in all aspects of the citizen's life in order to be effective. Furthermore, Lasswell sought to demonstrate that as more people were reached ...
